Welcome to the Center for Vein Restoration!

Thank you very much for choosing the Center for Vein Restoration as a partner in your vein health. We feel you and your Doctor have made the right choice to schedule an initial evaluation with us. Unfortunately many people continue to suffer from leg discomfort for far too long. We hope that at the conclusion of your therapy you will realize that the treatment was probably far quicker and easier than you imagined.

Here are a few of the reasons you are in good hands at our practice:

- Our exceptional doctors specialize in vein treatment, performing thousands of procedures each year**. Our physicians and vein centers have received numerous accolades from the *Washingtonian, Best of Bethesda* and *Best of Baltimore* magazines, as well as *What's up Annapolis* and *What's up Eastern Shore.***
- Treatment is performed on an outpatient basis in our vein centers and patients usually return to work or other daily activities the same day.
- We offer the full range of vein treatment options – laser and radiofrequency ablation, sclerotherapy and microphlebectomy – so you will receive the best solution for your specific needs.
- As your partner in 'complete' vein care we evaluate and, if needed, treat your superficial and deep venous systems – a skill set provided by only select centers across the nation.
- Our office communicates with your health insurance plan to help obtain pre-approval for your treatments, help secure optimal coverage, and can offer financing options to manage coordination-of-benefit expenses.

During your initial appointment, our Doctor and team of vein specialists will evaluate your personalized needs and recommend an effective treatment plan. We look forward to meeting you and helping you enjoy healthy and happy legs once again!

Sincerely,

Sanjiv Lakhanpal, MD
